How do I reset my password on the Helpdesk?

Sarah Wood - 2024-03-28 - General

To login to the ALMA Helpdesk, click login on the top right of the [Helpdesk](#) page and use the same login as you use to login to the [ALMA Science portal](#).

If you need to reset your password or otherwise update your account, login to the [ALMA Science portal](#) and update your profile there. The changes should reflect on the helpdesk a few minutes after the change.
