If my project was not completed in the current cycle and transferred into the next cycle, what will its ranking be relative to the new proposals?

Misato Fukagawa - 2020-09-21 - General ALMA Queries

If not completed by the end of the Cycle, previous Cycle observing programs assigned grade A will be carried over to the following Cycle.

The relative scheduling priority ranking of programs will proceed as follows (see the ALMA Proposers Guide in the [Documents and Tools](#) Section of the [ALMA Science Portal](#)):

1. Previous Cycle Grade A
2. Current Cycle Grade A
3. Current Cycle Grade B
4. Current Cycle Grade C

Please refer to the Proposal Evaluation and Selection section of the ALMA Proposers Guide in the [Documents and Tools](#) Section of the [ALMA Science Portal](#) to review how grades are assigned to individual proposals.
