May I submit an identical proposal to more than one category, e.g. submitting a proposal on distant galaxies both to cosmology and to galaxy categories?

Maria Diaz Trigo - 2020-09-21 - Proposal Handling

No, submitting an identical proposal to more than one category is not allowed. Before the proposals are distributed to the ALMA Review Panels for evaluation, a check will be performed on all the submitted proposals. If two identical proposals are found, only the first one that was received will be kept.
