What should I include for the content of the Technical Justification and in what format should I submit it?

Sarah Wood - 2020-09-21 - ALMA Observing Tool (OT)

The technical justification guidelines are given in relevant section in the [ALMA Cycle Proposer's Guide](#).

The technical justification is entered directly into the OT via a designated Technical Justification pane for each Science Goal. Any figures associated with the Technical Justification must be included in the Science Justification PDF file.
