Where can I download the ALMA OT?

Anthony Remijan - 2020-09-21 - ALMA Observing Tool (OT)

You can download the ALMA Observing Tool (OT) from the Science Portal. Click on the "Proposing" menu on the left panel of the Science Portal, and that will reveal a drop-down menu, with a link to the ALMA OT.

Alternatively, you can go directly to the [Observing Tool](#) page linked here.
